Interviews begin about two months prior to the start of the season so apply early.

Every year North of the River Recreation and Park District organizes an Afterschool Sports Program for children in grades 3rd through 8th at twenty-six different school sites throughout the District. Our program objective is for a safe healthy environment for kids to grow and thrive within a non-competitive recreational activity. Coaches are expected to teach the basic fundamentals of the game, teamwork and sportsmanship, allowing the kids to have fun while learning the game.

For the program to truly succeed, it's important that we have enough part-time staff necessary to implement this program. Approximately 200 paid staff is needed annually. In most cases, High School and College students primarily fill these positions. Please note that the Afterschool Sports schedule may conflict with High School Sports programs.
