**TITLE:** Public Hearing and Adoption of Assessment Fees for the NOR Park Maintenance District for FY 2026-2027.

**RECOMMENDATION:** That the Board of Directors adopts Resolution 21-26 for fees for the NOR Park Maintenance District.

**FISCAL IMPACT:** Suggested Consumer Price Index (CPI) adjustment to be applied for Fiscal Year 2026-2027 is 2.9%, increasing the cost for single family dwelling units to \$132.35 and for multi family dwelling units to \$128.62. Per Agreement KR012324, Tracts #7093 and #7186 will increase to \$198.34 for single family dwelling unit. The CPI adjustment results in a total collection of approximately \$751,413.32.78 for FY 2026-2027.

**PREVIOUS BOARD ACTION:** Resolution #04-06 forming the maintenance district was approved January 17, 2006. On February 21, 2006, Resolution #08-06 was approved, which accepted the Engineer's Report and scheduled the Public Hearing. Resolution #22-06 was adopted April 17, 2006, establishing the budget and setting the fee.

**BACKGROUND:** The assessment was certified by Terry W. Schroepfer, P.E., a registered California engineer, as required by Proposition 218 language.

The Engineer's Report for NOR Park Maintenance District was presented at the February 21, 2006, Board of Directors' meeting and remains valid for this assessment including all subsequent annual CPI adjustments.

The following chart tracks the CPI adjustments:

2025-2026	3.10%	\$128.62/\$117.34

A public hearing is required prior to Board of Directors' action to adopt the fee based on the Consumer Price Index adjustment.

It is proposed that the 2.9% adjustment be applied for the next fiscal year. After hearing public comments related to this item, it is recommended that the Directors take appropriate action.

Other projects have been conditioned for the maintenance district requirements and will be included as they record in the future. The included map shows the boundary of the NOR Park Maintenance District.

The fee is conditioned on all tract maps vested after the formation of the NOR Maintenance District in 2006. As dictated in the Engineer's Report, maintenance costs are on a per person, per unit basis with both single residential units and multi-family units, including mobile homes, housing an average population of 3.19 persons/unit. This persons per household average is established by the 2020 Census for the City of Bakersfield.

It is recommended that fees for Fiscal Year 2026-2027 be adjusted to reflect the change in the CPI. This reflects an upward adjustment of 2.9% with the annual single-family amount at \$132.35, the multi-family at \$120.74 per unit, and Tracts #7093 and #7186 shall be assessed at \$198.35 per single-family unit.

In an attempt to reduce the use of paper, exhibits to the resolution are not copied for the Board of Directors. A full copy of the resolution and all exhibits will be available for examination at the Board of Directors' meeting upon request. The complete agenda item with resolution and exhibits is also on display on the NOR website at <http://www.norfun.org/notices> .

Staff recommends action to adopt the maintenance fee through approval of Resolution #21-26.

**NOR PARK MAINTENANCE DISTRICT**  
(Formed by Board Resolution #04-06 January 17, 2006)

This report is prepared according to the provisions of the 1972 Landscape and Lighting Act as currently amended.

The maintenance district is established to offset the impact of new residential growth on the maintenance of North of the River Recreation and Park District's parks and facilities.

**Benefit From The Public Park Maintenance of Improvements**

Maintenance of public parks directly benefits the health, safety and welfare of area residents. Residential growth impacts the ability to maintain parks and facilities and the quality of maintenance that can be provided. This maintenance district supports needed park and facility maintenance standards.

All new residential development is required to annex into the maintenance district as a mitigation condition of new residential development approval.

**Project Plans and Specifications**

Fees are based on current costs for maintenance of 177.1 acres of parks and associated facilities as follows, based on the FY 2005-2006 maintenance budget:

Park maintenance =	\$1,914,220
Facility maintenance =	\$ 443,605
Pool maintenance =	<u>\$ 104,955</u>
TOTAL	\$2,462,780

Cost per acre calculated as follows:  $\$2,462,780 \div 177.1 \text{ acres of parkland} = \$13,906/\text{acre}$

One acre of parkland serves 400 people based on a park acreage standard of 2.5 acres per 1,000 population.

The maintenance cost per person is  $\$13,906 \div 400 = \$34.77$  per person

According to census data collected for the 2000 Census, single family residential units house an average population of 3.01 people and multi-family units, including mobile homes, house an average population of 2.77 people.

Fees are set as follows:

Single Family average population is 3.01 people per dwelling unit X \$34.77 resulting in the maintenance cost per unit of = \$104.66

Multi Family including mobile homes average population is 2.77 people per dwelling unit X \$34.77 resulting in the maintenance cost per unit of = \$96.32

Costs are:     \$105 per Single Family Dwelling Unit  
                  \$ 96 per Multi-Family/Mobile Home Dwelling Unit

The maintenance fee covers the following services:

- General Park Maintenance for water costs, supplies, turf, trees, trash pickup and hardsurface maintenance
- Maintenance of programmed athletic fields without lights
- Maintenance of lighted programmed athletic fields
- Playground maintenance
- Restroom maintenance
- Contractual repair and maintenance of facilities
- Overhead for administration, security, office support and telecommunications
- Indoor recreation space maintenance
- Aquatic facility maintenance

### Spread Formula Description

Fees are assessed based on the housing type and proportionate average number of people per dwelling unit based on 2000 Census data.

Fee calculations include the following population per dwelling unit:

<u>Housing Type</u>	<u>Average People Per Dwelling Unit</u>
Single Family	3.01
Multi Family & Mobile Homes	2.77

Fees are to be assessed per parcel according to the housing type. North of the River Recreation and Park District will absorb the overhead for administration, security, office support and telecommunications costs for the maintenance - reducing the fee to homeowners by 24%.

Sample fees are shown:

Housing Type	Average People Per Dwelling Unit	Total Population Per Lot	Per Lot Cost	Proposed Assessment Fee Per Lot
Single Family	3.01	3.01	\$105	\$ 80
Mobile Home Unit	2.77	2.77	\$ 96	\$ 73
Duplex Development	2.77	5.54	\$192	\$146
Fourplex Development	2.77	11.08	\$384	\$292
Eightplex Development	2.77	22.16	\$768	\$584
Other Multi Family Development	2.77	# Units x \$73	Varies	Varies

The maintenance district includes an automatic annual adjustment based on the Consumer Price Index to adjust for increasing costs for utilities, materials, labor, etc.

### Assessment District Diagram
