Comprehensive Master Plan

GROWING YOUR PARKS & PROGRAMS

Over the next year and half, NOR will be updating our comprehensive plan that will guide park and facility improvements, our investment into new parks, and the enhancement of recreation

opportunities, programs, and events across the park district. Why does this matter?

PARKS MAKE OUR LIVES BETTER!

We want ALL District residents, youth, seniors, key partners, recreation interest groups, and people who visit our parks and facilities to share your ideas and priorities. Parks protect green space, improve our quality of life, provide activities for youth and families, and support our health and wellbeing.

The District will launch many **engagement activities** including:

- In late April, an online survey for youth and teens (ages 9-19) will launch to find out what is most important to our younger generation.
- In May, community-wide survey (open to anyone with an interest in NOR parks & activities) will open to ask what you want from NOR.
- In May, display boards will pop up in community centers and across recreation so you can vote for your favorite projects, programs, and more.

**SCAN HERE
TO LEARN MORE!**

IMPROVING ACCESS FOR ALL

The District Accessibility Plan provides a comprehensive pathway to ensure access for persons with disabilities to NOR facilities, programs, services, activities, and events. We want input from the community and organizations assisting persons with disabilities; your feedback will assist in addressing and prioritizing current and future accessibility needs.

The District has launched a **survey** for the public and organizations:

- Available on the District website at NORfun.org under ADA/ Section 504 Compliance.
- Send comments and suggestions without completing the survey to the ADA/504 Coordinator to info@norrecreation.org or call 661.392.2000.

PLANNING FOR A SAFER TOMORROW

Did you know that hazard mitigation can reduce recovery costs, damages, and injuries following a natural disaster event? The goal of the Kern County Hazard Mitigation Plan Use is to reflect the needs and concerns of the community as a whole.

The County has launched **input opportunities** for the public:

- Visit KernCounty.com to learn about events, project milestones, and mitigation techniques you can use at home.
- Available online is a short survey to help our planning team better understand community perceptions of natural hazard risks.

**TAKE THE
SURVEY TODAY!**
