

COVID-19 Safety Guidelines Swim Lessons

1. Participants will meet their swim instructor in front of the Greenacres pool facility.
2. Participants must be swim ready.
3. Swim instructors will take the participants to the pool area, while parents wait outside the pool facility. Parents are encouraged to bring a blanket or chair to sit and watch the swim lesson on the turf area southwest of the pool facility.
4. Temperature checks and survey questions for each participant and staff member will be taken upon arrival to the facility each day. Individuals with a temperature of 100.4° or higher will not be allowed to participate that day.
5. Aquatic staff must wear a mask when meeting the participant.
6. Participants will social distance as much as possible.
7. Equipment will be disinfected throughout the day.
8. Participants and staff will be encouraged to use hand sanitizer provided by NOR.
9. Participants and staff will be encouraged to wash their hands after each practice session.
10. Water fountains will not be available. Each participant must bring their own water.
11. Showers and locker rooms will not be available during swim lessons.
12. Restrooms are only available for participants.
13. **Due to CDPH guidelines, no competition is permitted at this time. This program will consist of drills only.** Should conditions change, parents will be advised.
14. Additional guidelines may be implemented as directed from local or State health officials.
